

## SEE PROGRESS OF HIGH SCHOOL ADDITION HERE

The executive committee of the Gettysburg Joint School system Monday evening inspected progress on the \$200,000 addition to the Gettysburg high school building now under construction, saw preliminary drawings on the next proposed addition to the high school building and gave tentative approval to a "rough draft" of the 1951-1952 budget.

The executive committee found most of the steel framework in place for the cafeteria-shop-music room addition being built to connect with the east side of the south end of the present high school plant. The contract was let last October to O. H. Hostetter, Hanover, and the building is to be ready for use in September.

**Cost Is Not Known**  
The next addition to the high school — an auditorium-classroom unit on the north end of the present structure — is now in the preliminary drawing stage. No estimates have been made on the cost but when revised drawings are submitted and approved, the joint district plans to proceed with advertisements for bids so that the addition can go into use by fall of 1952.

The budget for 1951-1952 which received preliminary approval Monday evening was submitted by Dr. L. C. Keefeauver, Gettysburg superintendent, and the finance committee. The school head pointed out that no accurate budget can be prepared until after the current session of the legislature has acted on proposed school laws.

The budget which totals \$328,295 as compared with the estimated total of \$282,240 for the school year (Continued on Page 2)

## BOARD ADMITS STRABAN PUPILS FOR FALL TERM

All Straban township pupils and the seventh and eighth grade pupils of Franklin township will be admitted to the Gettysburg schools in the fall, it was decided Monday evening at the May meeting of the Gettysburg Joint School system's executive board.

At the same session the joint executive board formally petitioned the state Department of Public Instruction for approval of the extension of the high school to include grades seven and eight. This fall the school system will change from an eight-four organization to a six-six with the six upper grades in the junior-senior high school.

**To Close Four Schools**  
Dr. L. C. Keefeauver, superintendent of the Gettysburg schools, said that with the new addition at the high school making new classroom space available there which in turn will accommodate all seventh and eighth grade pupils, there will be space for the Straban and Franklin pupils. He said Gettysburg cannot promise Mt. Joy township—a member of the Littlestown jointure but with many of its pupils in the Gettysburg schools — accommodations here for new pupils in the fall.

The decision to accept Straban township pupils will mean the closing of schools now operated in that township at Hunterstown, Good Intent, New Chester and Round Top.

The executive group re-elected Swope, Brown and Swope as legal counsel for the joint system at an annual retainer of \$100.

Tonight the firemen will solicit on Chambersburg street, which was scheduled Monday night, West Middle, Franklin, West and South Howard streets and Ridge avenue.

Donors are being asked to "double" their donations this year in order to help finance the purchase of a new fire truck.

## CHAMBER VOTES \$50 FOR BOOTH IN TOWN SQUARE

The board of directors of the Chamber of Commerce at its regular meeting Monday night in its office in the Kadel building voted \$50 toward the construction of an information booth in Lincoln Square.

The booth is a project of the new Retail Merchants Association, which sent a letter to the chamber asking for a contribution.

Charles B. Bender, president of the Retail Merchants and a director of the Chamber of Commerce, explained that the booth would be located on the southwest side of the square, against the Dougherty and Hartley building, and would be painted blue and gray and lighted with fluorescent lights.

**Staffed by Volunteers**  
The booth will be ready for use by May 30. Mr. Bender said. It will be open between 9 a.m. and 9 p.m. from early May until fall, and will be manned by volunteers, he said. It will be stored during the winter months.

According to Mr. Bender, the Women's Civic Council has taken over the manning of the booth as one of its projects. Others, including several men, have also volunteered to serve.

There was some discussion as to the amount the chamber would contribute toward the booth, and it was decided that it would give \$50, with the understanding that it would consider an additional contribution later if more money should be needed.

## Mild-Mannered Bradley Can Be Tough, Too, When Necessary

Washington, May 15 (AP) — The lanky, lantern-jawed soldier who steps into the Senate spotlight today looks like he wouldn't say boo to a goose.

He would, though, if he thought it was necessary. Gen. Omar Nelson Bradley is a mild-mannered man. As any number of people have pointed out, he looks like a school teacher. His forehead is wide, his voice is unassuming, he even wears tortoise-shell glasses. He doesn't smoke. He's never been known (this is a general we're talking about, mind you) to cuss out a subordinate.

But the Senate Armed Services and Foreign Relations committees will find that the Milquetoast manner is deceptive when they quiz plain Omar Bradley about the firing of Gen. Douglas MacArthur. Bradley knows what he knows and says what he thinks, if the occasion seems to call for it. This one does.

**"GI's General"**  
Two other five-star generals have taken the witness stand before Bradley: MacArthur himself, military-hero, vivid of personality, storm center of a boiling controversy; and Secretary of Defense George C. Marshall, impressive in manner, a figure of military prestige.

Now comes Bradley, the school-

## 600 WOMEN AT COOKING SCHOOL IN LITTLESTOWN

Approximately 600 women of Littlestown and vicinity filled St. Aloysius hall in Littlestown almost to capacity Monday evening for the first session of The Gettysburg Times cooking school, sponsored by the newspaper as a public service to residents of Adams county.

Doors opened at 6:30 o'clock and the hall was well-filled by 7:30 o'clock, when Mrs. Mabel Bowen, nationally-known home economics expert, and director of the school, opened her lecture. She was introduced by Carl A. Baum, manager and advertising manager of the Times. Mrs. Bowen was assisted by Miss M. Elizabeth Howells, home economist of the Metropolitan Edison company and Miss Martha Strausbaugh, of Gettysburg.

Monday evening's menu ranged from "nightmare" sandwiches to "calico" salad and rhubarb fluff, and included such other tempting dishes and a complete meal prepared on the brazier, a quick apple cake, Creole corn, banana cup cakes, banana butter frosting and coconut candy balls. The menus for tonight and succeeding sessions at the South Mountain fair grounds and in Gettysburg will be entirely new and different each night.

## Award Many Prizes

Mrs. Bowen's lecture was well received by an attentive audience whose interest was held by Mrs. Bowen throughout the session. At the close of the school, the food prepared by Mrs. Bowen, 25 baskets of groceries and a number of special gifts were awarded to women present.

The second session of the Littlestown school will be held this evening at 7:30 o'clock. The doors will open at 6:30 o'clock. The following sessions will be May 17 and 18 in the Memorial auditorium at the South Mountain fairgrounds and May 22, 23 and 24 at the Hotel Gettysburg annex in Gettysburg.

Twenty-five baskets of food, the food prepared by Mrs. Bowen and additional special prizes will be awarded each of these nights, with a television set valued at \$432 to be awarded on the last night of the cooking school in Gettysburg. Those who have attended previous sessions are eligible.

## Supervisor Of Art Talks To Principals

Children should be allowed to work out their own creative ideas in art classes in the schools, rather than have the ideas of the art teachers forced on them, Rodney Law, art supervisor in the Littlestown school jointure, told members of the Adams County Elementary Principals' association, at the regular May meeting Monday evening at the court house.

John Riley, principal of the Littlestown elementary school, president of the association, presided. Others in attendance in addition to the principals included Charles I. Raffensperger, assistant county superintendent of schools.

## News Of Counties In Armed Forces

Pvt. Lynwood R. Brown, U. S. 32041819, now serving in Korea, received his mail HQ. 2nd Bn., 19th Inf. Reg., 24th Division, A.P.O. 24, care of postmaster, San Francisco, Calif.

master's son, the "GI's general," the man who went through the greatest war in history without so much as owning a Sam Browne belt or a dress cap.

Bradley has small liking for the spotlight. He has little stomach for appearances before senators.

Bradley is chairman of the joint chiefs. The senators can be expected to pry loose a good deal of his advice before they get through.

## Biggest Field Command

Here's a little biography: Bradley is 58, married, a grandfather, a church-goer. For years he was a professor—teaching war to other soldiers. Then came World War Two. He got an overseas assignment, wrote his wife: "Only temporary, but I hope to make it permanent."

He went on to head the 12th Army Group—1,000,000 men, the biggest field command in American history, probably in all history—and to mastermind its drive from Normandy through the bloodied bushes of the Ardennes forest to the heart of Germany.

In the current row, Bradley's stand is known. He differs with MacArthur, in that he'd like to keep the Korean war limited to Korea. But he's right alongside MacArthur in dreading a third world war.

## MANY VISITORS BROUGHT HERE BY C. C. EFFORT SAYS SECRETARY

Hundreds of letters from many high schools relative to Gettysburg, the battlefield and tourist accommodations here, have been answered by Mrs. Helen Snyder, secretary of the Chamber of Commerce, which have resulted in bringing many groups here this summer and with many more yet to come. Mrs. Snyder reported to the directors of the chamber at their meeting Monday night.

The Gettysburg folders have also shown great "pulling power" in bringing visitors here, she said.

## Lists Many Groups

## Chinese Plod Through Mud On Way To Build-up Area For New Push Against Allies In Korea

Tokyo, May 15 (AP)—Rain-drenched Chinese troops plodded south through central Korean mud today in their buildup for a new offensive. Spearheads of a growing Red force facing the center of the 100 mile United Nations line were reported 12 miles south of the 38th Parallel.

United Nations patrols spotted Communists in units of 500 or 600 slogging through the hills east of Kapyong. The U. S. Eighth Army did not indicate how close they were to U. N. lines.

But no fighting was reported from this area. Clashes elsewhere on the rainsoaked battle line were between groups of 100 or 200.

**Near U.N. Base**  
The Eighth Army said the Reds east of Kapyong were south of the Pukhan river. This would put them 35 to 40 miles northeast of Seoul and roughly 15 miles northwest of Honsan, U. N. base on the central front.

A central front briefing officer said the weather probably would speed up the expected Red offensive about two days. The strike generally is expected next week.

B-29s were out Tuesday despite heavy weather. They bombed the Sariwon supply center, above the western front, by radar.

On the western front 10 Allied soldiers—eight Americans and two Turks—returned to their own lines after being released by Chinese. They were taken prisoner April 25 in the Reds' first spring offensive. AP Correspondent John Randolph said all told of comparatively good treatment by their captors. They said they were told never again to fight the Chinese, and released.

**Rain Halts Fighting**  
Rain washed out most fighting Tuesday.

Heavy artillery was directed on Red forces of undetermined size 15 miles east of Chunchon. The Reds apparently had widened their bridgehead south of the Choyang river in this area.

But a tank led patrol entered (Continued on Page 2)

Orndorff, Hanover, who was found unconscious at the wheel of a parked automobile shortly before midnight Sunday night, expired at 2:25 a.m. Monday in the Hanover hospital. York county Coroner Lester J. Sell issued a certificate attributing death to a cerebral hemorrhage.

According to her husband, Mrs. Orndorff had been visiting her sister, Mrs. Jessie Rang, Littlestown, Sunday evening and was returning home alone in the car. ending in June, was prepared to take account of the expected state-order increments in teachers' salaries that would boost district costs by more than \$30,000. Another \$11,500 of the increase in the budget is caused by the rental the school district must pay to the Gettysburg school authority which is erecting the new building.

The revised budget — in the light of legislative action which will have been taken by that time, will be up for final approval of the joint district boards at their June meeting here.

The preliminary budget breaks the total school costs for next year down among the member districts as follows: Cumberland, \$60,805; Franklin, \$40,200 (in jointure at high school level only); Freedom, \$14,827; Gettysburg, \$142,870; Highland, \$12,870; and Straban, \$56,977.

Mrs. Sarah Houck, of Fairfield, R. 1, is convalescing at the Waynesboro hospital from a serious operation, but she is content with the knowledge her little world is full of good neighbors.

But when she returns home shortly she will find everything in apple-pie order.

During her absence her neighbors took over her outside chores.

There were Mrs. Helen Grove, who more or less supervised, and son Allen, Ernest Wolf, a barber in Hagerstown who lives nearby, dropped around during his spare time. Then there were Charles Frye, the farmer, and Robert McLeaf, grist mill worker.

They reported to her that the garden is progressing rapidly.

# GROWERS GET SPRAY DATA

Sour cherry spray information letter No. 4 was sent out to fruit growers in the county today by M. T. Hartman, county agent, in consultation with J. O. Pepper, State College entomologist and R. S. Kirby, plant pathologist.

The spray is recommended to control curculio, cherry leaf spot and brown rot. Growers should begin this spray six to eight days after the last application and complete as soon as possible.

Two formulas are recommended in the letter, which says a fine mist spray should be used to thoroughly saturate all foliage and fruit.

Curculio adults are out in large numbers and can injure fruit if not controlled, growers are warned. Black cherry aphids are present in some orchards, leaf spot spores are mature and can cause heavy infection during wet periods where spray protection is not maintained.

A large crowd of several hundred persons attended the opening games of the Softball league Monday evening on the Recreation field, which found the Moose edging the Texas Lunch 9-8 and the Glenn L. Bream garagemen thumping the Eagles 17-2. The former game was protested by the losers.

Burgess William G. Weaver spoke briefly at opening exercises following the invocation by the Rev. Stanley Laurin, assistant rector of St. Francis Xavier Catholic church. While Jack Taylor, secretary-treasurer of the league, and Ralph Johnson, manager of last season champion Moose team, pulled the American flag and title pennant to the top of the flag pole, the Gettysburg high school band played the "Star Spangled Banner." The band, under the direction of Edwin Longenecker, played a number of selections prior to game time. Donald Joseph, Recreation director, presided as master of ceremonies. Burgess Weaver tossed out the first ball as the season got underway.

A pair of muffed fly balls in the last of the seventh inning enabled the Moose to score a tainted run to gain a 9-8 victory in the opening game. The Texas Lunch protested the game, claiming a run should have been allowed in the third inning when a fly ball to centerfield was ultimately turned into a double play at second base. The Lunchmen claimed the runner from third should have been allowed to score inasmuch as the third out which was made at second base on the double play was not made until after the tally.

With Bob Kitzmiller poling two home runs, the Bream garage team encountered little trouble in handling the Eagles. George Fair permitted the Lodgemen but three hits and was in mid-season form.

## District Baseball Playoffs Cancelled

C. W. Eisenhart, secretary, District 3, PIAA, announced Monday night that the association has dispensed with baseball playoffs for the district this season because of a lack of interest from the majority of schools in this region.

Contacted at the first of the season, approximately 40 district schools declined to participate in post-season games.

Games would continue through the middle of June and most schools felt that games scheduled after the close of the school year would not draw interest from players or fans. In addition, many stated there was no provision made in the school budgets for "overtime" salaries which he added weeks would entail for the respective coaches.

The title game developed for today when Coach Howard Shoemaker's outfit blasted Shippensburg 10-1 here Monday to eliminate both Shippensburg and Chambersburg. Chambersburg is the defending champion.

Bill Singley, who connected for two triples and a single, started the second frame with a single. Little walked. After Heyser was tossed out, Ford, Penn and Rohrbaugh singled in succession to drive Henry from the mound. Signor and Bupp were safe on errors and Singley, up for the second time in the frame, blasted a triple, later scoring.

Two more local runs came in the sixth on a muffed fly in Rohrbaugh's blow, a fielder's choice, and a triple by Singley.

The lone Greyhound run came in the fourth on a pair of walks mixed with two infield outs.

"Skip" Fissel gave up but three singles and fanned eight.

## Eastern League

Bill Porter, Hartford's import from Holy Cross, gave his Eastern league batting average a strong jolt and the Chiefs a game-winning single last night in a 13-inning contest.

The 4-3 victory over Williamsport kept the Chiefs in a two-way, second-place tie with the Scranton Miners and helped shear a game off the Elmira Pioneers' margin.

Porter's payoff blow at Hartford was his sixth hit in seven trips. Dick Kelly went the route for Hartford and allowed only seven hits.

The Miners knocked the Schenectady Blue Jays out of a three-way tie for second with an 8-1 triumph at Scranton. Bob DiPietro paced the Miners' 11-hit attack with a home run.

Hartford and Scranton moved to within three and a half games of league-leading Elmira when the Albany Senators edged the Pioneers, 5-4, on Joe Belcastro's steal home in the ninth. A balk was called on pitcher Bill Allen during the play.

The Binghamton Triplets chalked up a 10-7 victory in a 10-inning contest at Wilkes-Barre. The Triplets combined three singles with two walks for three runs in the tenth.

# BULLETS DOWN MOUNT 8-1 ON 2-HIT HURLING

Ira Plank's Gettysburg college baseball team pulled its season record to 7-7 by defeating Mt. St. Mary's here Monday afternoon 8-1 on two-hit pitching by Tony Sacco, a freshman.

Sacco was in fine form as he whiffed 12 batsmen and walked but three. The lone run scored off of him came in the fourth on a walk, fielder's choice and a passed ball.

Gettysburg took the lead in the opening frame on a walk, single and a long two-base knock by Ron Fitzkee.

Four more Bullets runs came in the fourth on two walks, and error and three singles. Single runs were picked up in the fifth and eighth frames.

On Wednesday the Bullets meet Navy at Annapolis and on Saturday play Franklin and Marshall at Lancaster.

**Club Parings Must Be Made By Wednesday**

New York, May 15 (AP)—Major league baseball clubs sharpened their butcher knives and trading wits today in a rush to get within the 25-player roster limit before tomorrow's midnight deadline.

Half of the 16 teams already are down to the required size but the other half have some slick finagling to do in the next couple of days.

Chief of these are the world champion New York Yankees, with three surplus men, and the St. Louis Cardinals, with four.

The Yankees are reported anxious to pull a 3-for-1 or 4-for-1 deal to land the Philadelphia Athletics' southpaw pitcher Bobby Shantz or first baseman Ferris Fain. So far the A's aren't nibbling.

The Yanks and Cards figured yesterday's biggest maneuvers with the aging and flu-plagued Cardinals coming out of the shuffle with the best-looking hand.

New York sent veteran third baseman Billy Johnson to the Cardinals for a reported \$15,000 in cash and first baseman Don Bollweg. The latter was excess baggage at the moment and so the world champions quickly ordered him to their Kansas City farm.

Plugging some more holes, the Cardinals also called back Vernal (Nippy) Jones, good-hitting veteran first baseman, from Rochester and sent the Red Wings third baseman Don Richmond.

The Philadelphia Athletics and the Pittsburgh Pirates also have 28 on their rosters while the Philadelphia Phillies and Cleveland Indians have 27. The New York Giants and Brooklyn Dodgers have to unload one player.

Club-by-club breakdown includes:

**American League**  
New York (28)—Probably lop off two pitchers, with Frank Shea and Joe Ostrowski a guess, and catcher Ralph Houk. Prefers a deal.

Philadelphia (28)—Pitchers Hank Wyse and Ed Bartsch and infielders Billy Hitchcock and Lou Limmer candidates for the knife.

Cleveland (27)—Two pitchers to go, Gerald Fahr to a farm club. Jesse Flores or Johnny Vander Meer will be the other.

**National League**  
Pittsburgh (28)—Optioned bonus pitcher Paul Pettit to Indianapolis and sent shortstop Whitey Thomson to Rochester but three are still to go. On the borderline: infielders Hank Schenz and Monty Basgall, outfielder Tom Saffell, pitcher Joe Muir.

Philadelphia (27)—Pitcher and infielder to go. Pitcher Jack Brittin, Mito Candini or Ken Johnson. Infielder Ralph Caballero or Jimmy Bloodworth.

Brooklyn (26)—Pitcher Earl Moser or Chris Van Cuyk may get knife unless Dodgers can make desired package deal for, say, Ken Raffensberger of Cincinnati.

## Sports Roundup

By HUGH FULLERTON, JR.  
New York, May 15 (AP)—Johnny Bratton, who fights Kid Gavilan for the welter title Friday, argues: "I didn't think I could lick him, I wouldn't fight him." . . . Johnny also consoles himself for his recent failure to KO Charley Fusari by saying he needed the 15-round workout. . . . Lt. Gen. James A. Van Fleet, who is doing a big job in Korea, is a former head football coach at the U. of Florida. . . . Another former Florida head coach, Harold L. (Tom) Sebring, justice of the Supreme court of that state. . . . With those precedents, Floridians figure Bob Woodruff eventually will be President of the United States—if he can afford the salary cut.

**DE FENCE-IVE MECHANISM**  
George Case, the one-time Washington speedster who coaches the Rutgers baseball team, was trying to get Outfielder Jimmy Monahan out of a hitting slump. . . . After watching Monahan pop up, dribble a few rollers to the infield and slice off a foul, Case holed in exasperation: "Why don't you hit the ball the way you should, Jim?" . . . On the next pitch, Monahan met the ball squarely and drove it over the left field fence, 470 feet from the home plate. . . . The last player who cleared that barrier was Walt Dropp of the Red Sox who did it in batting practice when he played for the U. of Connecticut.

**ONE-MINUTE SPORTS PAGE**  
The Southwest conference has penalized Baylor U. because an alumnus took a kid footballer to a game and bought him hot dogs for dinner. . . . Maybe the reasoning is that a school which can't buy steaks shouldn't go in for recruiting. . . . The Arizona State college (tempe) intra-mural softball league is considering a rule to curb Pitcher Bob Householder. His first three games were no-hit, no-run, no-walk affairs. . . . Pittsburgh's Art Rooney may name one of his yearlings for Harry Greb, who never ran from anybody.

**Hanover Athlete Wins D-son Honor**  
Carlisle, Pa., May 15 (AP)—Wilbur Gobrecht of Hanover, York county, has been named the outstanding athlete of the year at Dickinson college.

The junior scored 72 points as a halfback last year to rank second among Pennsylvania college football scorers. He also is a varsity basketball and track man.

Trophies for having "contributed most" to their respective teams went to Marvin Zucker of Chester, basketball forward, and John Whitmore of Scranton, free-style swimmer. Both are seniors.

Dickinson's coaching staffs named the award winners at the annual all-sports dinner last night. Charles "Rip" Engle, Penn State football coach, was banquet speaker.

In Oklahoma, several hundred thousand acres of grassland have been freed of sagebrush by application of 2,4-D from the air.

# EDDIE LOPAT IS AGAIN WINNER OVER INDIANS

By JOE REICHLER  
Associated Press Sports Writer  
Al Lopez knows now how Lou Boudreau felt every time Eddie Lopat pitched against the Cleveland Indians.

Twice this season now the new Tribe pilot has looked on helplessly as the crafty New York Yankee left-hander tied his boys into knots.

"How does he do it?" Lopez asked before last night's game. "I just can't figure out why he beats us so regularly. He's no better than lots of pitchers in the league."

Some two and a half hours later, Lopat had added another to his long string of victories over the Redskins, his favorite people. The score was 11-4, and Lopez still was groping for the answer.

**More Action Today**  
The victory enabled the Yanks to increase their lead over the runner-up Washington Senators to two and one half games. The Senators dropped an 8-7, 11-inning decision to the Boston Red Sox in the only other game played in the major leagues.

Action picks up in both leagues today as St. Louis, Chicago and Detroit invade the American league's eastern cities for the first time this year. Meanwhile, eastern clubs in the National league play their first games in the west.

Lopat wasn't exactly brilliant against the Indians. He surrendered only six hits but two of them were home runs by former Yankee George Stinnett and Jim Hegan. The largest crowd of the major league season, 62,265 paid fans witnessed the game.

But everything the Indians did went wrong. In the very first inning, Sam Chapman, newest Indian, played a looper by Gil McDougald into an inside the park homer. Later Mickey Mantle got a double on a routine "single" to center. In the seventh, Joe DiMaggio scored from first on a wild pitch and two errors.

At Washington, Fred Hatfield scored the winning run from third base with two out in the 11th when leftfielder, Gil Coan dropped Matt Batts' easy fly ball.

The Senators scored six runs in the third inning but the Red Sox fought back and scored three runs in the fourth and two each in the seventh and eighth. Relief pitcher Harry Taylor was the winner and former Red Sox pitcher Mickey Harris the loser.

**Yesterday's Stars**  
(By The Associated Press)  
Pitching—Ed Lopat, Yankees, won

his sixth victory without a defeat as he beat Cleveland, 11-4, on six hits.

Hitting—Gil McDougald, Yankees, hit a home run, double and single to bat in four runs in New York victory.

Harrisburg made it a split of its four-game series with Hagerstown by turning back the Braves 4 to 2. Righthander Howard Rodemeyer scored his third triumph of the campaign with a five-hit.

Wolff, Earned runs, Littlestown 3, Cashtown 4. Double plays, Mehning to Mehning to Crouse. Hits off Fuhrman 13. Struck out by Fuhrman 16. Bases on balls, off Fuhrman 2. Umpire, Reed and Biting. Three base hits, R. Kump. Stolen bases, Littlestown 3, Cashtown 1. Sacrifice hits, none. Left on bases, Littlestown 10, Cashtown 11. Hits off Kitzmiller 5, Kump 2. Struck out by Kitzmiller 10, Kump 1. Bases on balls, off Kitzmiller 4, Kump 0. Time of game, 3 hours.

**Interstate League**  
(By The Associated Press)  
Lancaster moved into a three and a half game lead in the Interstate league standings last night by defeating Salisbury 10 to 5. It was the seventh victory in a row for the Red Roses and the fourth hand running over the Marylanders.

Backed by first rate defensive work, veteran Bill Peters pitched his third triumph of the season and had a big night at the plate, with a single and a triple.

Tom Casagrande's bases-loaded triple in the seventh inning and Jim Turner's double, again with three men aboard, in the ninth, enabled Wilmington to down Allentown 10 to 6. John Walz, although allowing 15 hits, went all the way for the victory.

Slick hurling by Carl Maloney and Joe (Specs) Margoneri gave Sunbury a double win over York, 8 to 2 and 8 to 0. Margoneri was especially impressive in the shutout. He gave up only four hits and fanned 13. He leads the league in strikeouts.

Harrisburg made it a split of its four-game series with Hagerstown by turning back the Braves 4 to 2. Righthander Howard Rodemeyer scored his third triumph of the campaign with a five-hit.

**Fire:** Yesterday morning at 4:15 o'clock the citizens of our town were aroused by the ringing of the fire bell. Fire was discovered by Dr. Wm. Biggs, in the building of J. A. Tawney, on W. Middle street, occupied by Edgar C. Tawney, as a baker. When the firemen arrived, the two back-buildings were in a blaze, but in a short time the fire was under control and all the adjoining buildings were saved. 50 barrels of flour were destroyed. The bakery was insured for \$150 in the Adams County Mutual Fire Insurance Company.

**A Narrow Escape:** As Dr. J. W. Tudor and his two little daughters, of this place, were driving to York Springs, they were attracted by some beautiful flowers in an adjacent field. The Dr. entrusted his older daughter Edna, to hold the horse, which was always noted for its gentleness, while he would gather a bunch of the flowers. When some distance from the team he noticed the horse was becoming restless and immediately ran to the rescue, but before he could reach the team, the horse became frightened and ran at full speed with the little ones, in the direction of this place. As fortune had it, the frightened steed stopped at a farm house after running about two miles. The little ones were very much frightened, but sustained no injuries whatever.

**Personal Mention:** Burgess Elcholtz left last evening for Philadelphia.

## Today's Talk

By GEORGE MATTHEW ADAMS  
STRAY KEYS

There is something fascinating about a stray key. I never throw one away when coming upon it in some way or other. I put it with others that have come to me from some source. So I now have a string of a dozen or more. I know the locks to none of them, but I live in hope that some day one of those keys will fit some lock!

At my summer Nova Scotia retreat, which is on an island, I never throw anything away that looks as though it might sometime come into good use, for living on an island you can't just trot off to a store on an impulse. So, I have a dozen or so different boxes into which I put various "finds" for emergencies.

So much in life is handled this way. We meet a person of whom we have never heard. We talk to him or her. Casually a remark is made that strikes a responding chord in our mind. We are fellow collectors of something, or a follower of some writer or artist. Key and lock are discovered—a friendship is born!

As human beings we are either keys or locks awaiting that moment when key and lock open up some unexpected opportunity. Many a courtesy has been the key that has unlocked a way into some human heart. And as much can be said of many a kindness offered with no thought of any return or reward. How wonderful it is to have done something for the pure pleasure of the act! Especially when rendered to a stranger.

Each of us is endowed with a variety of ways and means of distributing ourselves. As though we were a stray key, when lo and behold, a person appears who proves to be a likely candidate for that key—and so another mind and heart are unlocked. Thus throughout life we are forever fitting our keys to locks that open up new life and new worlds, and new knowledge to us.

Many a person has carried about with him one or more stray keys, hoping to find the locks that each fits. With patience and courage there will be that happy meeting in good time. The right key always fits the right lock!

Tomorrow Mr. Adams will talk on the subject: "The Medicine Of Adversity."

## Just Folks

By EDGAR A. GUEST  
OLD ENGLISH LETTER  
My English father had a way  
Of letter writing time has  
banned.

"Dear Sir," the opening line  
would say,  
"Today I take my pen in hand  
To tell I'm well and to proclaim  
I truly hope you are the same."

Whenever dad sat down to write  
He never penned a line in  
haste.

The time it takes to be polite  
He never looked upon as waste.  
Nice phrases flowed at his  
command

When'er he took his pen in  
hand.

With messages the page he'd  
eram.  
Although "yours truly" I prefer,  
My father closed with this: "I am  
Your most obedient servant,  
sir."

A bit too thick, I'd say, but then  
That was the way of English men.

### Program Presented At County Home

The Kitchenettes of Biglerville entertained guests at the county home Monday evening as their regular monthly meeting. They visited the three buildings where guests are housed and presented a program at each building.

At a business session which followed they accepted an invitation from the Littlestown Fish and Game Association to furnish the entertainment at the latter's carnival in Littlestown the evening of June 22. They also voted to hold a festival in Biglerville during July or August. A \$5 donation was received from the Sewing group of Biglerville. All revenue received by the Kitchenettes is placed in their fund to provide a recreation park in Biglerville.

## DEFENSE PLANS NEW SITES IF ENEMY ATTACKS

Washington, May 15 (AP)—The Defense Department has selected locations outside Washington where its most essential functions could be carried on in the event of an enemy attack on the capital.

Reporting this last night, Secretary of Defense Marshall said the planning is similar to that being carried out "in many other places in the United States."

At represents, he said, "precautionary measures desirable in view of the continued tension in the world situation."

Marshall said all employees of the Defense Department have received, or will shortly, notice of the role they are to perform in the event of an attack.

### 140,000 In Capital

There are about 140,000 department employees in the Washington area—nearly 30,000 of them working in the Pentagon, huge nerve center of the defense establishment just across the Potomac river in Virginia.

The department said locations of the "alternate headquarters" which have been selected will remain secret. Last summer the department announced that a communications center would be set up at Camp Ritchie, Md., near the Maryland-Pennsylvania boundary north of Washington.

Speculation has been that would be a "second Pentagon," but Marshall's memorandum to department employees indicated other sites have been picked too.

"In the event of an attack which might destroy our facilities for operating at our present headquarters," he said, "we must be prepared to operate at locations removed from Washington."

"Such alternate locations have been selected."

"For a short period following an attack, only the most vital functions

Most engine wear comes from  
engine deposits—Amoco-Gas leaves

**NO METALLIC DEPOSIT!**

The kind of gas you buy has a direct connection with the bills you have to pay for engine repair.

For science now knows that most engine cylinder wear is caused by deposits remaining after combustion, and contamination. These cause wear, serious wear to pistons, cylinder walls and valves.

Amoco-Gas helps prevent this wear because it contains no harmful ingredients. It leaves no metallic deposit.

Moreover, Amoco-Gas can burn completely because it is all petroleum with no harmful ingredients added. This means more useful power, superior performance and mileage.

Use Amoco-Gas—for longer car life. There's nothing like it!

# Republican Senators Reject Income Tax Bill; Issue Seems "Dead" After GOP Caucus

Harrisburg, May 15 (AP)—Republican senators last night rejected Gov. Pine's proposal for a one-half of one per cent personal income tax.

The income tax bill was returned to the Senate Finance committee where to appear destined to die unless the administration performed a minor miracle of vote-getting.

Rejection of the income tax now forces the administration to other means of implementing the \$163,000,000 tax program proposed by Pine.

One alternative—the sales tax—has been described by the governor as hitting the low-income groups hardest. The governor also has been cool to another suggestion of increasing existing taxes while drastically cutting state expenditures.

**Split Sharply**

The 30-member GOP majority split sharply on the question of backing the bill, the backbone of Gov. Pine's \$163,000,000 tax program to balance a \$1,220,000,000 budget for the next two years.

Seventeen senators voted at a closed caucus to go along with the controversial income levy. Eleven others rebelled and their recalcitrance was enough to force return of the measure to committee.

The administration needed 26 votes to put the bill across on the Senate floor in the face of solid opposition from the 20-vote Democratic minority.

Sen. James S. Berger (R-Potter), Republican caucus chairman, gave the first tipoff that the income tax measure could be considered a dead issue. He said the bill was recommended "for further study," a legislative term commonly used to signify eventual death of legislation.

**Stirred Much Strife**

The income tax bill was accompanied by constant strife since its introduction in the House more than a month ago. The House first defeated it but then revived it through a parliamentary maneuver. On the second try, it passed by a close margin.

The measure, designed to raise \$119,000,000 in the next two years, was approved by the Senate Finance committee last week by a narrow 9-7 vote with two Republicans opposing it.

The two-hour GOP Senate caucus yesterday saw the opposition led by a hard core of four Republican senators who first came out against the measure while it was clearing the House. They were Sens. Edward J. Kessler (Lancaster), Henry J. Probert (Montgomery), G. Robert Watkins (Delaware) and C. Arthur Blass (Erie).

**Defied The Governor**

The other Senators who were reported to have defied the administration and turned in against the levy included Sen. John M. Walker (R-Allegheny), G. Graybill Diehm (Lancaster), John G. Snowden (Lycoming), Montgomery P. Crowe (Monroe) and George N. Wade (Cumberland).

Two other Republicans — Sens. Charles R. Mallory (Blair) and George B. Stevenson (Clinton) — reportedly didn't cast a ballot at the caucus.

The revolt of Walker came as a mild surprise since he is Republican floor leader, considered as post held only by an administration spokesman.

But the Allegheny county attorney and the governor have been cool to each other since Walker came out publicly for a public hearing on the income tax despite Pine's objections.

**Pine Has No Comment**

The governor, however, declined comment on the new development. He cancelled appointments for the rest of the day as soon as word reached him of the Senate caucus action.

The administration's fight in the GOP caucus was led by Sens. M. Harvey Taylor (R-Dauphin) and T. Newell Wood (R-Luzerne), Finance committee chairman and a top aide of the governor.

Taylor left a hospital bed to be on hand for the stormy session. He hobbled about with a cane. The Republican state chairman suffered knee and wrist injuries in a fall here two weeks ago.

Action by the Senate as a whole to return the income tax bill to committee was unanimous. There was no fanfare and only a few words.

**Other Tax Bills**

The upper chamber then followed through on the rest of the governor's

tax program and advanced it to a position for a final vote.

At the top of the list was Pine's proposal to increase the four per cent corporate net income to five per cent to bring in another \$44,000,000.

The other tax bills, already passed by the House, would make permanent the temporary aspects of the 10 per cent liquor tax, the cent a pint beer tax, the four-cent a pack cigarette tax and the 14-mill gross receipts tax on public utilities and would postpone for another two years the manufacturers' exemption from the five-mill capital stock tax.

## Valter R. Doud Does Excellent Job As Hospital Administrator; Inaugurates Many Innovations

VALTER R. Doud, administrator at the Warner hospital, came to this institution in April, 1947. During his four years here, many changes have been accomplished, inaugurating the Warner hospital to top rank among similar hospitals in the state and nation.

The new Musselman annex was being completed when Mr. Doud assumed the new position of administrator. He helped open the annex, arrange for staffing it and expanding the facilities this provided.

He instituted, with the assistance of Samuel Daley, Gettysburg accountant, a new financial accounting system. He has played an important role in the enlargement of hospital facilities, additional children facilities and the setting up of the new state clinic section.

### Opens Training Schools

Mr. Doud also assisted in the setting up of a practical nurses' training school at the Warner hospital, under Miss Lois Benson, superintendent of nurses, which graduated practical nurses. Since Mr. Doud came here the hospital has also added several x-ray and laboratory technicians. The hospital is accredited by the American College of Surgeons, the Pennsylvania Department of Public Welfare and other agencies.

Mr. Doud is a native of Mansfield, Berks county, where he attended the local schools and graduated from

WALTER R. DOUD

Mansfield State Teachers college. He spent one year in the graduate school of business at the University of Michigan, Ann Arbor, and then went to Pennsylvania hospital, Philadelphia. The latter institution is the oldest hospital in the United States, celebrating its 200th anniversary this year.

### Took Special Courses

Mr. Doud was employed at the hospital and underwent training there in hospital administration

under John Hatfield, the immediate past president of the American Hospital Association. He also took special courses at the Wharton School of Commerce and Finance in Philadelphia.

He was with the hospital for two years and then accepted a position with the Campbell Soup company at Camden, N. J. It was while he was there that he was commissioned a lieutenant in the army medical administration corps in 1941. When the second World War broke out, the Pennsylvania hospital unit, of which he was a member, was activated and went overseas in January, 1942.

### Served 41 Months Overseas

This was one of the first reserve units to go overseas. Mr. Doud spent 41 months in the South Pacific, in the Australia-New Guinea area, and ended the war in the Philippines. His last tour of duty was as executive officer of a 500-bed veterans' hospital in the Philippines. He was discharged with the rank of captain.

Returning to the United States he was discharged at Fort Dix, N. J., in June, 1945, and on July 20 of that year married Miss Helen Rearick of Lewistown, a nurse in the Pennsylvania hospital unit. In 1946 he was appointed administrator of a small hospital at Elizabeth, N. J., and remained there one year, resigning to engage in the hospital supply business in Elizabeth.

### Many Affiliations

Mr. Doud is a member of the American Legion, Elks, Pennsylvania Hospital association, board of directors of the Adams County Crippled Children's society, Central Regional District Hospital association and public relations committee of the association and is on the board of administration of the federal aid to hospitals board created by the

## RADIO STATION ASKS COURT TO NULLIFY ORDER

Toledo, O., May 15 (AP)—An Ohio radio station is asking federal court to nullify an order banning broadcasts of major league baseball games in areas where minor league games are being played.

Radio station WFBN-FM in Findlay, O., yesterday asked a federal injunction, contending the ban is contrary to the anti-trust laws and that it restrains trade.

The case is believed to be the first such in federal court.

It named as co-defendants the Lima Phillies of the Class D Ohio-Indiana league; the Philadelphia Phillies, with which the Lima team has a working agreement, and the Cleveland Indians.

**Indians' Games Banned**  
The Lima Phillies several days ago told the station it could not broadcast Cleveland Indians' games when Lima was playing at home—35 miles from Findlay. The ban affects broadcasts of major league games in areas where minor league games

are being played within 50 miles of the radio station.

The suit was filed by the Findlay Publishing company, which owns the radio station and a newspaper, the Republican-Courier.

The station did not broadcast last night's Cleveland Indians-New York Yankees game—the first one to be affected by the ban since the Lima club objected. Station officials said the ban could affect about 20 more broadcasts.

**Hearing On Monday**  
Baseball officials had no immediate comment on the suit.

The radio rule bans broadcasts of major league games for one-half hour before minor league games begin until one-half hour after they end. It was worked out at a conference of baseball men and the U. S. attorney general.

The minors have complained that the broadcasts of major league games have hurt their attendance. The Lima club plays most of its games at night.

Federal Judge Frank Kloebe will hold a hearing on a preliminary injunction Monday. The publishing company is asking for a permanent injunction, after the case has been heard on its merits.

## PREPARES PLAN TO STOCKPILE U. S. HARD COAL

Washington, May 15 (AP)—A bill to authorize government stockpiling of hard coal was prepared for House introduction today by Rep. Flood (D-Pa.).

Flood, who represents an anthracite area of northeastern Pennsylvania, said he will drop the bill in the hopper as soon as the House convenes.

The bill would authorize the government to purchase 11,000,000 tons of anthracite annually.

Aimed at stabilizing the hard coal industry and employment, the bill would authorize government purchase in slack periods. Stored in various anthracite-consuming markets, the fuel would thus be available in times of high demand.

**Law Production**  
In a speech prepared for the House, Flood said that anthracite is "the principal source of energy and heat for the most densely populated and most intensely industrialized section of our nation."

It is vitally necessary therefore that the anthracite industry be kept in a healthy condition, he said, so that this source of energy will be available in time of war or other emergency.

He said that the industry is sick is proved by the fact that "last year anthracite production dropped to a point lower than at any time since 1902," he said.

"Within recent years," he said, "a definite trend has been established toward a petroleum and natural gas economy. Unfortunately, this represents great national dependence upon two fuels of limited reserve, but more importantly, fuels which are of special strategic significance to direct military and security defense."

## SALVAGE CREW SEEKS BODIES ON NAVY TENDER

Norfolk, Va., May 15 (AP)—Salvage workers pried grimly into four compartments today which held the key to the final death toll aboard a fire-ravaged navy seaplane tender on which 11 men died yesterday after a collision with a coal collier.

The navy refused to predict whether any of the 25 men unaccounted for from the tender USS Valcour's crew of 215 officers and men might be in the compartments—one of them a berthing space. It is probable, the Navy said, that some of the men were on leave when the ship—loaded with 70,000 gallons of high-octane gas—was rammed amidships while veering out of control with a jammed rudder.

The Navy was expected today to disclose the identity of the 11 men killed and 16 injured—one critically and three seriously—when the Valcour collided with the collier Thomas Tracy some five miles off Cape Henry.

**Fumes Balk Rescue**  
Naval spokesmen said salvage crews were unable to enter the four compartments aboard the Valcour last night because of gasoline fumes. They also could not get into the engine room, where nine men were known to have died when they were

trapped by flaming fuel. The Valcour was towed to a berth late last night off the Norfolk naval base. After all ammunition and gasoline have been removed, she will be taken to nearby Portsmouth for repairs.

A gaping hole in the bow and evidence of severe fire damage was found aboard the Tracy when she docked late yesterday under her own power at Newport News. But there were no serious injuries to crewmen. Thirty-two men from Norfolk were sent aboard the Valcour early today to relieve crewmen still at their posts.
